Welcome to the 7th Annual Arts in Bloom

Welcome to Arts in Bloom, a countywide open Studio and Gallery Trail, where you get to meet the artist, watch them create, and learn what inspires their amazing work. As a free community event, Arts in Bloom strives to make art accessible to the entire region, and to aid in the understanding and appreciation of the art that is being created in our own backyards. We encourage you to ask questions about why our artists use the techniques that they do and what inspires them.

As you visit the different studios and galleries, you will experience many different forms of art, much of which is for sale. When you find that special piece, don't be shy about taking it home with you as a reminder of your adventure on the Art Trail. And keep in mind, our artists work all year long, and are happy to discuss personal commissions or purchasing at any time with you by appointment or during regular studio or gallery hours.

We hope the artists of Steuben County will inspire you, and that you enjoy your time on the Arts in Bloom Trail while exploring the back roads of Steuben County.

My work is about the beauty in nature. I believe that this beauty enriches our existence, if we can only take a moment to pause our busy lives and take notice. Natural forms, elegant lines, bold colors, and the intrinsic details found in nature are the themes in my work. When painting, I represent nature accurately, but also with my own impression. I use the paint, oil or watercolor, in thin transparent layers. This layering technique creates a luminous glow throughout the piece, as light passes through and bounces off the different layers. With nature as my muse, I have yet to run out of inspiration. I hope my work serves to reconnect you with her beauty.

F.L.A.V.O.R. stands for Finger Lakes Art, Vintage, Old, and Repurposed, and represents all of Marc and Deb's passions rolled into one acronym. Both like to utilize recycled and repurposed items in their art. As you explore F.L.A.V.O.R., you will find handmade jewelry of unusual and repurposed elements, stained glass, repurposed furniture, Steampunk, and lots of fun mixed media pieces. We encourage you to find something inspiring to take home with you. Be sure to schedule a class in the studio to learn how to create something truly your own. We gladly accept commissions, too.
